Dan –

We are not planning to attend the drill next week. Richard is tied up with SPCC inspections in Seattle, and Dan Heister has been deployed to New Mexico to help with the Animas River mine waste spill.

Thanks for reaching out.

-Josie

Subject: Columbia Pacific Bio-Refinery Tabletop

Hi Josie,

Is anyone from EPA planning to attend next weeks tabletop at Columbia Pacific Bio-Refinery?
At one point I thought that Richard was attending but it has dropped off of my radar.

I have attached the exercise plan incase you do want someone to attend.

Best Regards,

Dan
